2. Click on log in/sign up in upper right hand corner
3. Click on create an account
 - a. Animal Owner account
4. Accept terms and conditions
5. Type in the e-mail address you gave our office when a coggins test was requested for your horse
6. You will receive an e-mail with a temporary password and link
7. Follow the link
8. Type in the temporary password
9. Create your account and new password
10. Click on certificates at the left side of the screen
11. Choose "view certificates"
12. Select the horse and print their certificate

*Horse owners will need to provide Parrott Equine Associates with a current/valid e-mail address in order for Global Vet Link to release coggins certificates to any person other than clinic staff.

*Horse owners will also need internet access and a color printer to print their horse's coggins certificates.

Coggins tests are typically available on GlobalVetLink within one week of the blood draw, but can be available sooner if needed. Please contact the office if your Coggins test is time sensitive.
